

CYRANO VIDEO

RELEASE NOTES 5.3

• Download Restrictions

Description:

Ensure secure storage by controlling content downloads within your organization. Restrict downloads for specific user roles and prevent video downloads from share pages.

Benefits:

Enhanced security and compliance by limiting external access to video content.

• Share & Download Reasons

Description:

Require users to provide reasons for sharing or downloading video content, giving you better oversight of where and why your content is being used.

Benefits:

Increased visibility and accountability for content distribution.

• Share & Download Disclaimers & Agreements

Description:

Make your video policy more transparent by enabling share and download disclaimers & agreements. Users must agree to your policy terms before sharing or downloading content from the Cyrano Platform.

Benefits:

Ensures adherence to your organization's content policies.

CYRANO VIDEO

RELEASE NOTES 5.3

- **Audit Report**

Description:

Cyrano provides detailed visibility into video content sharing and downloading, along with comprehensive reports for tracking and managing shared content.

Benefits:

Empowered content management through detailed audit trails and reporting.

- **Account Switching**

Description:

Manage multiple accounts easily with a single login, allowing seamless switching between locations and centralized control through the Cyrano Studio App and web portal.

Benefits:

Streamlined management of content across multiple locations and teams.

Cyrano thrives on YOUR input! If you have any feedback or suggestions, please fill out [this form](#). A Cyrano team member will be in touch within 72 hours.
